DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Geza C. Ziegler, Jr. on May 22, 2006.

The application has been amended as follows:

In The Claims

Claim 1, in line 13, replace "the packet" with --a packet-- and in line 16, replace "the temporary packet flow" with --a temporary packet flow--.

Claim 13, in lines 14-15, replace "the block flow" with --a temporary block flow--; in line 15, replace "the packet" with --a packet-- and in line 16, replace "a block flow" with --the temporary block flow--.

Claim 18, in lines 15-16, replace "the temporary packet flow" with --a temporary packet flow-- and in line 31, replace "to said" with --in said--.

Claim 19, in line 2, replace "according to Claim 19" with --according to Claim 18--.

Allowable Subject Matter

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 2616

The prior art does not teach or fairly suggest that wherein when the transfer of packets in the first direction has ended, at least one enquiry message related to the temporary packet flow in the first direction is also sent from the mobile communication network to the wireless data transfer device using the temporary packet flow in the first direction to allow the wireless data transfer device to request establishment of a temporary packet flow in the second direction even when the wireless data transfer device has indicated the reception of all data blocks from the mobile communication network and the wireless data transfer device sets information about the need to send packets in a response message sent to the mobile communication network, as specified in independent claims 1, 13, and 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
